

REMARKS

Claims 1-7, 24 and 49-56 are pending in the application and allowed.

Claim 56 has been amended to correct an obvious error in dependency. Claim 56, as previously presented, was dependent on claim 1. It is clear from the context that claim 56 should depend upon its immediately preceding claim, claim 55, and not on claim 1. Claim 56 is a method of inhibiting angiogenesis, as is claim 55. It is clear that claim 56 can not correctly depend from claim 1, which is a pharmaceutical composition claim.

It is respectfully submitted that this correction of an obvious error in claim dependency may be entered without drawing the application from issue.

Respectfully submitted,

KEITH R. McCRAE
